RETURN RECEIPT REQUESTED

Mr. Gary R. Konwinski
Environmental Manager
Rocky Mountain Remediation Services, L.L.C
Rocky Flats Environmental Technology Site
P.O. Box 464
Golden, CO 80402-0464

RE: Compliance Dates for Cleanup Activities Associated with the Solar Evaporation Ponds

Dear Mr. Konwinski:

The Colorado Department of Public Health and Environment (the Department) has received your written response to the December 19, 1997 Compliance Advisory that was issued for compliance issues associated with the Solar Evaporation Ponds (SEPs). In that response, you indicated that the packaging and treatment of low-level mixed debris could be completed by June 30 and September 30, 1998, respectively. The Department recognizes that the dates in question were established with consideration of contingencies, such as inclement weather, that could potentially delay cleanup activities. However, the Department believes that all efforts should be made to accomplish the packaging and treatment of low-level mixed debris at the SEPs by April 30 and July 30, 1998, respectively.

As indicated in the December 19, 1997 Compliance Advisory, the Department may grant an extension to the above completion dates provided that an adequate justification is presented to the Department. Please contact Ed Smith of my staff at (303) 692-3386 if you have any questions regarding this matter.

Sincerely,

Joe Schieffelin, Unit Leader
Federal Facilities Permitting and Compliance
Hazardous Materials & Waste Management Division
